**14:00 - Presentation OOD**

By

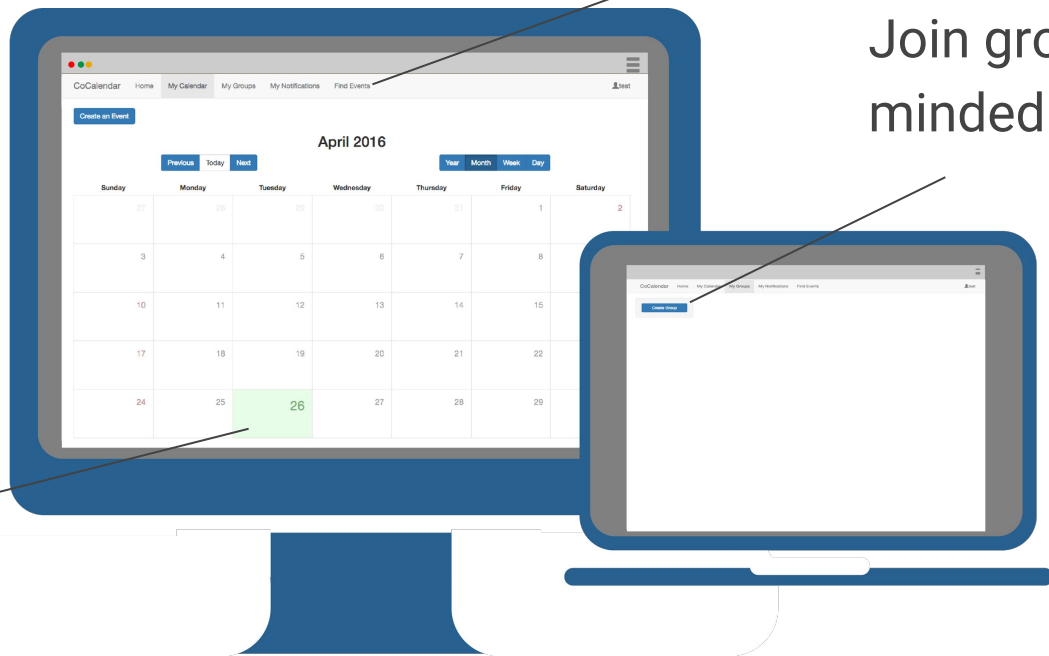

Adrian Chen, Justin McBride, Warren Ferrell,  
Justin Schiller, and Zach Lamb

# CoCal

The calendar that opens a portal to your community

Find fun events nearby

Join groups of like-minded people

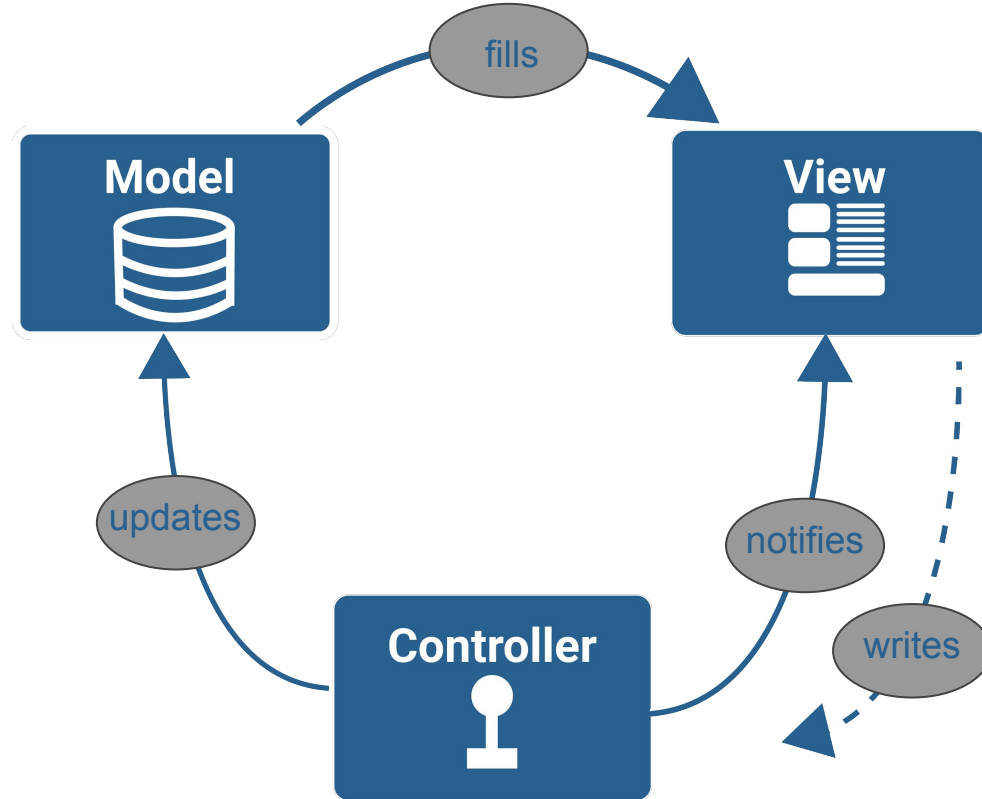

Promote your  
own events

# DEMO TIME

<https://github.com/WarrenFerrell/CoCal/>

# MVC

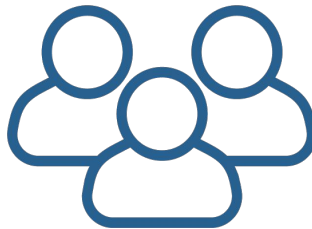

# User Factory

where we make all the users

What Design pattern?

Why Did We Use It?

How it was implemented

Login  
CreateUser  
SetCredentials  
ClearCredentails

Something interesting?

Object returned  
made job easier for  
other team  
members

# Thanks!

Any Questions?
